# The political economy of EU asylum policies

### Results first time applications per capita

## Martina Burmann, Marcus Drometer and Romuald Méango

### November 28, 2017

### **Contents**

1	Descriptives	2
2	Baseline Specification	4
3	Robustness	8
	3.1 Use destination, origin and time fixed effects	8
	3.2 Use destination and origin*time fixed effects	10
	3.3 Control for past asylum applications	12
	3.4 Include cabinet right dummy	15
	3.5 Use log first time applications per capita in origin country as dependent variable	18
	3.6 Do not use lags for origin country variables	21
	3.7 Use Syrian battle death data from UCDP	24
	3.8 Include a post 2007 dummy	27
	3.9 Cluster standard errors on destination*origin level	30
	3.10 Drop country pairs with less than one first-time application per quarter on average	32
	3.11 Drop country pairs with less than three first-time application per quarter on average	35
	3.12 Use normalized cabinet position to determine cabinet left-right dummies	38
	3.13 Split cabinet position at 5 to determine cabinet left-right dummies	41
	3.14 Use only 5 quarters around the election	44
	3.15 Use only 4 quarters around the election	47
	3.16 Do not impute first-time application data for 2008 and 2009	50
	3.17 Include refugee crisis 2015 and 2016	53
	3.18 Use all destination countries with a maximum of two years missing first-time application data	56
	3.19 Use only destination countries that report first-time application data in all years	59
	3.20 Add Cyprus to baseline sample of destination countries	62
	3.21 Use only countries that are also in baseline decision analysis	65
4	Heterogeneity by origin country region	68

## 1 Descriptives

Table 1: Summary statistics

Variable	Obs	Mean	Std. Dev.	Min	Max
Quarterly fist-time asylum applications	23705	114.18	338.11	0	15330
Quarterly first-time asylum applications per 100,000 inhabitants	23705	.57	2.18	0	112.55
Number of elections per destination country	23705	3.45	.81	2	5
Number of cabinet changes per destination country	23705	1.83	.87	1	4
Left-right position of the cabinet	23705	5.57	1.52	2.77	8.22
Political Terror Scale	23705	3.34	.93	1	5
